

Position: Farm Unit Manager - AgriNorthwest

Location: Kennewick, Washington

Company Overview:

AgriNorthwest is a subsidiary of AgReserves, Inc. and produces high quality and high yielding crops including potatoes and onions. AgReserves Inc. is a multi-national, multi-corporate company that operates investment farms and ranches throughout the world.

Position Description:

Responsible for managing personnel, land, capital, machinery, water and all other resources to produce high quality and high yielding crops and to maximize profits on a farm unit (approx. 4,000 acres). Responsible for implementation of Company and government policies and procedures regarding personnel and safety.

Duties and Responsibilities:

- Manages, motivates, and trains personnel with regard for policy, procedures, and safety in the performance of operations and tasks.
- Selects and trains field mechanics, utility techs, operators, and other full-time, seasonal, and temporary employees required for his/her unit.
- Directs activities on a farm unit to produce, harvest, and store high quality and high yielding crops, to achieve the greatest profitability per acre while improving the resource base.
- Responsible to research and recommend major equipment, chemical, and input purchases. Authorized to make minor operational input purchases for the unit based on good judgment.
- Ensures timeliness of all cultural practices on the unit, including land preparations, seedbed preparation, planting, cultivating, chemical and fertilizer application, irrigation, and harvesting.
- Accountable for legal and safe application and documentation of chemicals, fertilizers, and pesticides.
- Assists Area Manager in developing capital and operating plans and budgets for the unit and ensures adherence to those plans.
- Participates as a team player and performs farm-wide responsibilities as assigned.
- Other company-wide or farm tasks as directed by Area Manager or company management.

Skills/Education Requirements:

- B.S. degree in Agronomy or related degree or noted equivalent work experience.
- Two to five years potato production experience highly desirable
- Computer proficiency in Microsoft Office (Excel/Word) required
- Excellent written and verbal communication skills
- Chemical applicator's license required
- Must have a valid Driver's license

Salary/Benefits:

Salary is competitive and commensurate with experience. Full-time employees receive excellent benefits including: Medical, Dental, Group Term Life, Disability, Pension Benefits (401K and Defined Contribution Plan) and Flex-Spending. In addition, we offer paid vacation and sick time, paid parental leave, and tuition reimbursement.
