

# Summer Help Wanted

Limagrain Cereal Seeds in Waitsburg, WA is seeking skilled individuals who are interested in pursuing a career in agriculture or simply have an interest in getting involved in agricultural research. Interested individuals must be willing to work hard and be detail oriented. Summer positions are available from May to October with flexible starting and ending dates. Positions will have a significant focus on wheat production and harvest. Come join us and gain valuable experience working in support of a research team devoted to producing high quality wheat varieties.
